### SPECIAL ABILITIES

**Deeds** Lirianne can spend grit points (see below) to accomplish the following deeds and those listed on the 1st-level version of her stats:

**Gunslinger Initiative:** As long as she has at least 1 grit point, Lirianne gains a +2 bonus on initiative checks.

**Pistol-Whip:** Lirianne can make a surprise melee attack with the handle of her pistols as a standard action costing 1 grit point (+7 [1d6/×2]). If the attack hits, she can make a combat maneuver check to knock the target prone as a free action.

**Utility Shot:** If Lirianne has at least 1 grit point, she can perform a number of utility shots as described on page 11 of *Ultimate Combat*. Each utility shot can be applied to any single attack with a firearm, but Lirianne must declare the utility shot she is using before firing the shot.

**Grit** Lirianne begins each day with 3 grit points. Her grit goes up or down throughout the day, but cannot go higher than this maximum.

"I'd be obliged if you stood down, friend. I got no stomach for killing this early."

Lirianne can spend grit to accomplish deeds (see above), and regains 1 point of grit each time she confirms a critical hit with a firearm or when she reduces a creature to 0 or fewer hit points with a firearm.

**Killer** When Lirianne confirms a critical hit, she deals an additional amount of damage equal to her weapon's critical modifier (+2 with her longsword or +4 with her pistol). This additional damage is added to the final total and is not multiplied by the critical hit multiple itself.

**Pistol** Lirianne's pistol attacks resolve against the target's touch AC when the target is within the first range increment of the weapon (20 ft.) and has a maximum range of five range increments. The guns can each hold a single bullet at a time, and reloading one of them is a standard action that provokes attacks of opportunity. If a pistol attack is ever a natural 1, the firearm misfires and gains the broken condition. While it has the broken condition, it suffers the normal disadvantages that broken weapons do, and its misfire value increases to a range of 1–5. If her broken pistol misfires again, it explodes, destroying the weapon and creating a 5 ft. burst from one randomly determined corner of her square, dealing damage to any creature in the burst (including Lirianne) as if it had been damaged by the weapon—a DC 12 Reflex save halves this damage.

**Point Blank Shot** When Lirianne shoots at a target within a range of 30 ft, she adds +1 to her attack and damage roll.

**Precise Shot** Lirianne can shoot at a target engaged in melee without taking the standard –4 penalty on the attack.

\* This ability has already been calculated into Lirianne's stats.

Lirianne always dreamed of living the adventures she read about in fairy tales and penny dreadfuls. When a storm of primal magic sent the dutiful Alkenstar shield marshal to the distant land Avistan, Lirianne found herself in just such an adventure. She now struggles to balance her resurgence of childhood wonder and adult dedication to justice, all while confronting her long-ignored elven blood.
